FOR VETERANS AND MILITARY

This booklet is designed to bring together all benefits available by the State of Missouri as well as briefly cover related services provided by the U.S. Department of Veterans Affairs.

If You Have Ever Served In The MILITARY...

Have You...

★ Visited with a Veterans Service Officer?

Visit with a Veterans Service Officer (VSO) to discuss benefits you may have earned because of your service. Visit www.mvc.dps.mo.gov or call 1-866-VET-INFO to find a VSO near you or visit your local Veterans Service Organization to speak with a VSO.

★ Signed up for VA Health Care?

The VA has highly trained physicians and clinicians that allow the VA to address many specialties. Healthcare benefits for eligible veterans include primary care, specialty care, mental health, prescriptions, prosthetics, etc. Visit www.VA.gov or your VSO for more information and how to apply.

★ Joined a Veterans Service Organization?

There are many reasons to join a Veterans Service Organization. Members of these organizations enjoy the camaraderie of fellow Veterans. Members are also the most informed Veterans, especially when it comes to new benefits and legislation that will impact the Veteran population. To view a listing of members of the Missouri Association of Veterans Organizations (MAVO), visit www.mvc.dps.mo.gov/mavo.asp

Dear Veteran,

On behalf of the citizens of the State of Missouri and as a fellow Veteran myself, I want to thank you for your service. We owe a debt of gratitude to our Veterans, military service members, and their families who have served and sacrificed to protect our country.

As Governor, it is important to me that Veterans, military service members, and their families receive the benefits they've earned. Our Veterans deserve to live in a community that appreciates their service, in a state that honors their commitment, and in a nation that never forgets their sacrifice. This benefits guide provides helpful contacts, resources, and information on programs and services provided by the state to improve the lives of Missouri's Veterans and current military members.

It is an honor to serve as your Governor, and I thank you for your commitment, dedication, and service to our nation.

Sincerely,
Michael L. Parson
Governor

Dear Veterans, Military Members, Family Members, and Supporters,

As the Executive Director of the Missouri Veterans Commission and a fellow veteran, I am pleased to present the 2021-2022 Edition of the Missouri Benefits and Resource Guide for Veterans & Military.

I hope you will use this guide to assist you in accessing various benefits available to veterans, active duty military personnel, and their families. There are many different benefits available to Missouri veterans. You have EARNED these benefits with your service to their nation. If you have not done so already—I encourage you to review your benefits eligibility with a Veterans Service Officer in the near future.

Our Mission at the Missouri Veterans Commission is to be “ALWAYS ON MISSION” in service to veterans and to serve as the ENDURING Choice in Benefits Assistance; FIRST CHOICE in Skilled Nursing Care; and ENDURING CHOICE in a Dignified Resting Place.

If you are not already familiar with the services offered by the dedicated staff at the Missouri Veterans Commission, please visit our website at www.mvc.mo.gov. You may also contact our office at 573-751-3779 or at movets@mvc.dps.mo.gov.

The Missouri Veterans Commission (MVC) is a state agency established by Missouri Statute to aid all Veterans, their dependents, and legal representatives by providing information regarding the rights of Veterans and their dependents and to assist Veterans accessing their available benefits through State and Federal Government.

Our Mission

MVC is “Always on Mission” to serve Veterans as the FIRST CHOICE in Skilled Nursing Care; BEST CHOICE in Securing Benefits; and PROVEN CHOICE in a Dignified Resting Place.

Our History

Missouri has a long tradition of honoring and serving its Veterans. This tradition started in 1897, when the State took over operations of the Federal Soldiers Home in St. James and the Confederate Soldiers Home in Higginsville. These homes were initially managed by the Board of Eleemosynary Institutions, and later by the Department of Health and Welfare until 1950 when the Confederate Home closed, and 1974 when the Federal Home in St. James was transferred to the Division of Veterans Affairs.

MVC has its roots in the passage of House Bill 493 which in 1931 established the first State Service Officer. Over the years, this office has expanded and changed from one Service Officer, to the Division of Veterans Affairs after World War II, to its replacement by the 1989 creation and establishment of the Missouri Veterans Commission.

Today, the Missouri Veterans Commission manages seven long term skilled nursing homes, five state Veterans cemeteries, provides benefits assistance through its Service Officers, assists Veterans through a Veterans Resource Coordinator and has programs for Veterans Outreach, Minority Veterans, Women Veterans, and Incarcerated Veterans.

Veterans Service Officers (VSO) are located throughout the state and can assist you if you are a Veteran, widow/widower of a Veteran, child of a deceased or disabled Veteran, or a parent who has lost a son or daughter in military service.

Service officers provide counseling and assistance when you have questions about compensation, pensions, education benefits, life insurance, medical benefits, state benefits, and burial benefits.

These trained professionals will also assist with completing and submitting claims applications to the VA to make sure all necessary documentation is attached.

A VSO will maintain your casefile in confidence and is always available to provide information, referrals, and advocate on your behalf.

Missouri Veterans Commission service officer locations can be found on the following pages as well as online at <http://www.mvc.dps.mo.gov/service/serviceofficer>. If you do not have access to the internet, you may call 573-751-3779 and a Missouri Veterans Commission employee will assist you in finding your local Veterans Service Officer.

Many Veterans Service Organizations also have service officers available. Check with your local posts or contact the service organizations listed on page 18-19 to find the nearest service officer.

DAV Transportation Network

Because so many sick and disabled Veterans lack transportation to and from VA medical facilities for needed treatment, Disabled American Veterans (DAV) operates a nationwide Transportation Network to meet this need.

Through the Transportation Network, DAV volunteers drive sick and disabled Veterans to and from VA medical facilities for treatment.

Since the DAV Transportation Network is staffed by volunteers, it is unable to cover every community. Please use the following contacts to see if transportation is available in your area.

Veterans Service Organizations

Veterans Service Organizations provide Veterans with benefits, services, camaraderie with fellow Veterans, and opportunities to serve their communities. Many benefits enjoyed by Veterans are a result of the political activity of Veteran Service Organizations. By becoming a member of a service organization, especially if you are willing to be active and speak up on Veterans' issues, you help ensure Veterans are a priority for our elected representatives.

Burial & Cemetery Benefits

Missouri State Veterans Cemeteries

The Missouri Veterans Commission created a network of Veterans cemeteries so that every Missouri Veteran will have reasonable access to a Veterans cemetery. Five cemeteries are in operation at this time; Springfield, Higginsville, Bloomfield, Jacksonville and Fort Leonard Wood. A sixth Veterans cemetery is located at the St. James Veterans Home, but is not open for interment.

There is no charge for any of the services provided. These services include opening and closing of the grave, provision of a concrete grave liner, upright granite headstones, full military honors for the Veteran, and perpetual care of the gravesite. Those who choose cremation have the choice of in-ground burial or placement within a columbarium niche. Pre-registration for future planning purposes is also available for Veterans and their eligible family members.

Veterans, spouses, and dependent children may be eligible for burial and cemetery benefits by the State of Missouri and the Federal Government.

Families should make these VA and State burial benefits arrangements through their funeral provider as neither the VA nor the State of Missouri make funeral arrangements or perform cremations.

Any item or service not listed in the following sections obtained from a funeral home will be at the family's expense. Please contact a State or National Veterans Cemetery for a full listing of state and federal burial benefits that are provided at no cost. Please see page 40 for cemetery contact information.

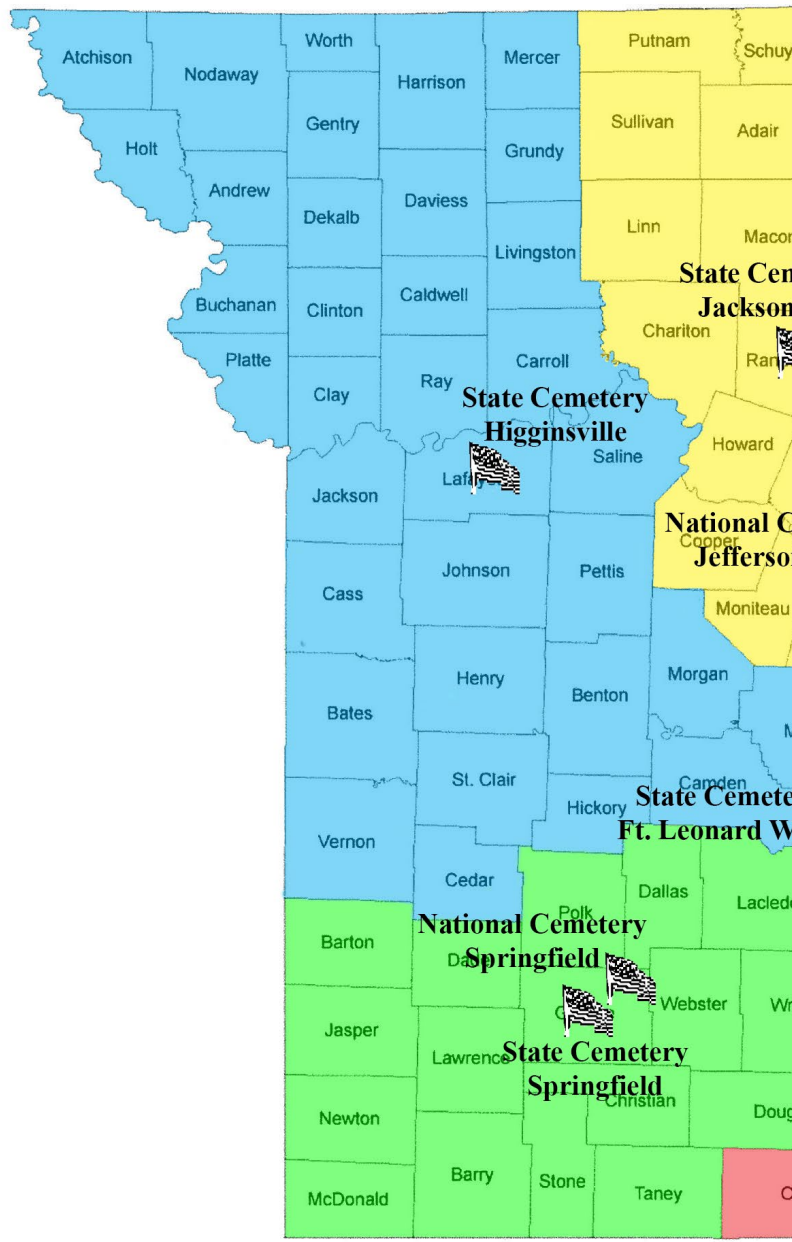

Eligibility

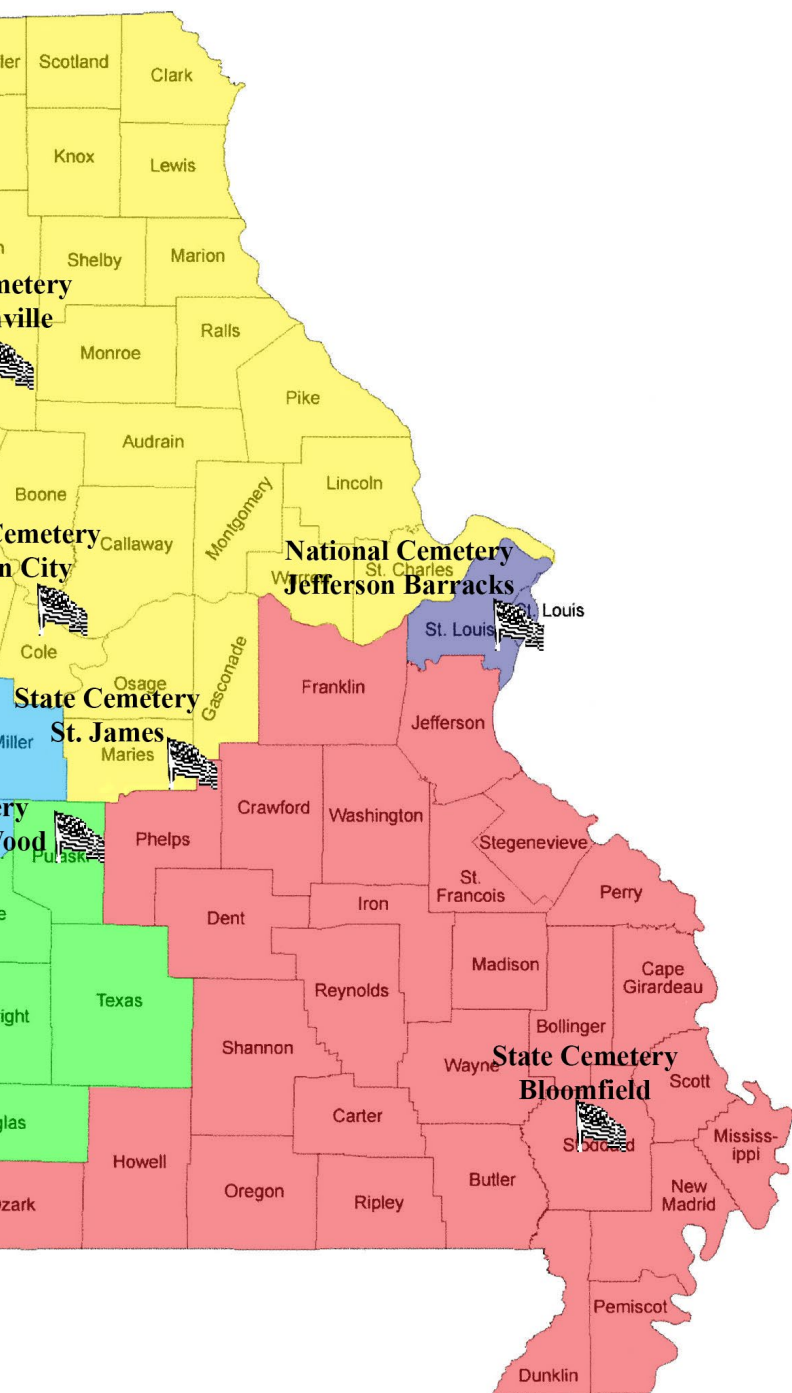

Eligibility criteria is the same as that for a national cemetery:

- The Veteran must have been discharged from active duty under conditions other than dishonorable and have completed the required period of service as required by law.
- Death occurred while on active duty.
- After 7 September 1980 for enlisted and after 16 October 1981 for officers, the individual must have served 24 consecutive months on active duty or the full period for which called to active duty.
- Reservists or members of the National Guard who are eligible for retired pay as a result of 20 years creditable service are entitled to interment in a Missouri State Veterans Cemetery. Reservists and members of the National Guard who are called to active duty by Presidential Executive Order and who satisfactorily complete the period for which they are called to duty are also eligible.
- There is no residency requirement for interment in a Missouri Veterans Cemetery.
- U.S. Citizens who served in the armed forces of a government allied with the United States during wartime may also be eligible.

NOTE: Any Veteran convicted of a federal or state capital crime is barred from burial in a Missouri State Veterans Cemetery. This prohibition also includes those Veterans who commit capital crimes but avoid conviction due to death or flight.

NOTE: Former spouses whose marriage to an eligible Veteran was terminated by divorce are not eligible for burial in a Missouri Veterans cemetery.

What are Military Funeral Honors?

The ceremonial paying of respect and the final demonstration of the country's gratitude to those who, in times of war and peace, have faithfully defended our Nation. The military funeral honors ceremony consists of, at a minimum, the folding and presentation of the American flag and the sounding of Taps by a detail of two uniformed members of the Military Services. Missouri Veterans normally receive a Three-Volley Rifle Salute, sounding of Taps, Flag Folding and Presentation. Active duty members and military retirees are entitled to additional honors.

Who can receive Military Funeral Honors?

Deceased Active Duty, Guard and Reserve Members, Military Retirees, and Veterans who served at least one term of enlistment and separated under honorable conditions are eligible for Military Funeral Honors.

Military Funeral Honors will be denied to any person discharged under other than honorable conditions, convicted of a state or federal capital crime, or when circumstances surrounding the person's death are such that to provide honors at the funeral or burial of the person would bring discredit upon the military services.

How do I request Military Funeral Honors and how much will it cost?

Request Military Funeral Honors through your Funeral Director. Military Funeral Honors are provided at no cost to you or the Funeral Home.

How do I get a flag for the casket and how much will it cost?

Request a flag through your Funeral Director.
Flags are provided at no cost to you or the Funeral Home.

What if we do not want Taps?

The family decides whether or not Taps is provided.

Who provides Military Funeral Honors?

The family determines who presents the flag and can choose between Uniformed Service Members or a Veterans Service Organization. The Military Funeral Honors Program or Active Component determines who will provide the rest of the team based on availability of teams. Honors may be provided by any combination of Missouri Army and Air National Guard members, Active Duty Army, Navy, Air Force, Marines, or Coast Guard, Retired Military Members, or Veterans Service Organizations.

Flying Flags at Half-Staff

The United States flag and the Missouri state flag are flown at half-staff at the cemetery on the day of interment ceremonies for Veterans held in a Missouri State Veterans Cemetery or National Cemetery.

Senior Executive Services Members

Individuals holding or having held an office listed in 5 USC 5312 or 5313 (Levels I and II of the Executive Schedule) may qualify for interment in Arlington National Cemetery with approval by the Secretary of Veterans Affairs.

Burial will be conducted in the same manner as a dependent burial. No military honors will be rendered but pall bearers and a chaplain will be provided. If burial will be in a private cemetery, no marker, flag, or military funeral honors will be authorized.

Burial in a State Veterans Cemetery will not be allowed unless approved by the Secretary of Veterans Affairs. (NCA Directive 3210, Section III d) (Authority 38 USC 2402(6)) If approved, no military funeral honors will be provided.

Child Custody & Visitation

If a deploying military parent is to be separated from a child, a court shall not enter a final order modifying the terms of custody or visitation until 90 days after the deployment ends unless there is a written agreement by both parties. Deployment or future deployment shall not be the sole factor to support a permanent modification of the custody or visitation terms established in an existing order.

A custody or visitation order may be temporarily modified to make reasonable accommodation due to the deployment, including visitation during deployment and when there is leave time for the deploying parent and shall automatically end no later than 30 days after the return of the deploying parent and the original order at the time of deployment is automatically reinstated.

The non-deploying parent must provide written notice to the court and to the deploying parent of any change of address and contact information within seven days, except in instances where there is a valid order of protection in effect requiring the confidentiality of the non-deploying parent's contact information. In such instances the information shall only be given to the court.

The court may conduct an expedited or emergency hearing within 10 days of the filing of a motion regarding custody or visitation upon return of the deploying parent alleging an immediate danger or irreparable harm to the child. The non-deploying parent shall bear the burden of showing that reentry of the custody or visitation order in effect before the deployment is no longer in the child's best interests.

A deploying parent or a family member of a deploying parent with his or her consent may delegate the visitation rights to a family member with a close and substantial relationship to the minor child or children for the duration of the deployment if it is in the best interest of the child.

A deploying parent is required to provide a copy of his or her orders to the non-deploying parent promptly and without delay prior to the deployment.

A court cannot count any time periods during which the deploying parent did not exercise visitation due to military duties when determining whether a parent failed to exercise such rights. Also, any absence of a child from the state during a deployment after an order for custody has been entered must be denominated as a temporary absence for the purposes of the Uniform Child Custody Jurisdiction and Enforcement Act.

Missouri Statute 452.413

Child Support

Should you have questions on the following, please contact the Missouri Department of Social Services' Child Support Enforcement (CSE) office to which your case is assigned, or the CSE Customer Relations Unit at 1-800-859-7999.

Review and Modification

If you experience a change in your income as a result of being called to active duty, you may request that CSE modify your child support.

A custodial parent or noncustodial parent who has been called to active duty for a period of more than 30 days may request a review and modification due to an income change. The income change is considered a substantial change in circumstances for purposes of review and modification. That means CSE will complete a review of the order regardless of the age of the order and complete a modification regardless of whether the new amount differs by 20 percent from the existing obligation.

If you request a review of your order and a modification, please include a copy of your latest leave and earning statement, and a copy of your orders to appear for active duty. Send your written request and documentation to the CSE office that handles your case.

Income Withholding

If you have experienced a change in your income and have an obligation to repay past-due support, you may request that CSE adjust your past-due payment amount.

To request a change in your periodic past-due payment amount, send a written request, along with your latest leave and earning statement and orders to appear for active duty to the CSE office that handles your case. If appropriate, we will revise the amount being withheld to repay past-due support.

Children's Health Care Coverage

If you are ordered to provide health care coverage for your child(ren) and have not done so, CSE will ask the military to enroll the child(ren) in the appropriate health care plan.

Interstate Compact on Educational Opportunity for Military Children

<http://www.dss.mo.gov/cd/info/cwmanual/section4/ch25/sec4ch25sub8.htm>

Children of families in the military often face educational barriers due to their parents' deployment or frequent moves. The educational records and enrollment procedures for children of military families transferring to/from Missouri fall under the guidelines of the Interstate Compact, Section 160.2000 RSMo.

The Interstate Compact allows a military dependent who has completed an accredited prekindergarten program or completed or attended a kindergarten program in another state to enter kindergarten or first grade even if the child has not reached the required age for Missouri schools by August 1, 2008. It also allows school districts to accept a course in government completed in another state when a student transfers to a Missouri high school in ninth to twelfth grade to satisfy the state's graduation requirement.

Work Opportunity Tax Credit

<http://www.doleta.gov/business/incentives/opptax>

The Work Opportunity Tax Credit (WOTC) is a Federal tax credit incentive that Congress provides to private-sector businesses for hiring individuals from nine target groups, including unemployed Veterans who have consistently faced significant barriers to employment. The main objective of this program is to enable the targeted employees to gradually move from economic dependency into self-sufficiency as they earn a steady income and become contributing taxpayers, while the participating employers are compensated by being able to reduce their federal income tax liability. WOTC joins other workforce programs that help incentivize workplace diversity and facilitate access to good jobs for American workers.

The Missouri Veterans Homes operates a total of 1,350 beds that provide long term skilled nursing care in compliance with 158 Federal Department of Veterans Affairs regulations. The Homes are located in Cameron, Cape Girardeau, Mexico, Mount Vernon, St. James, St. Louis, and Warrensburg.

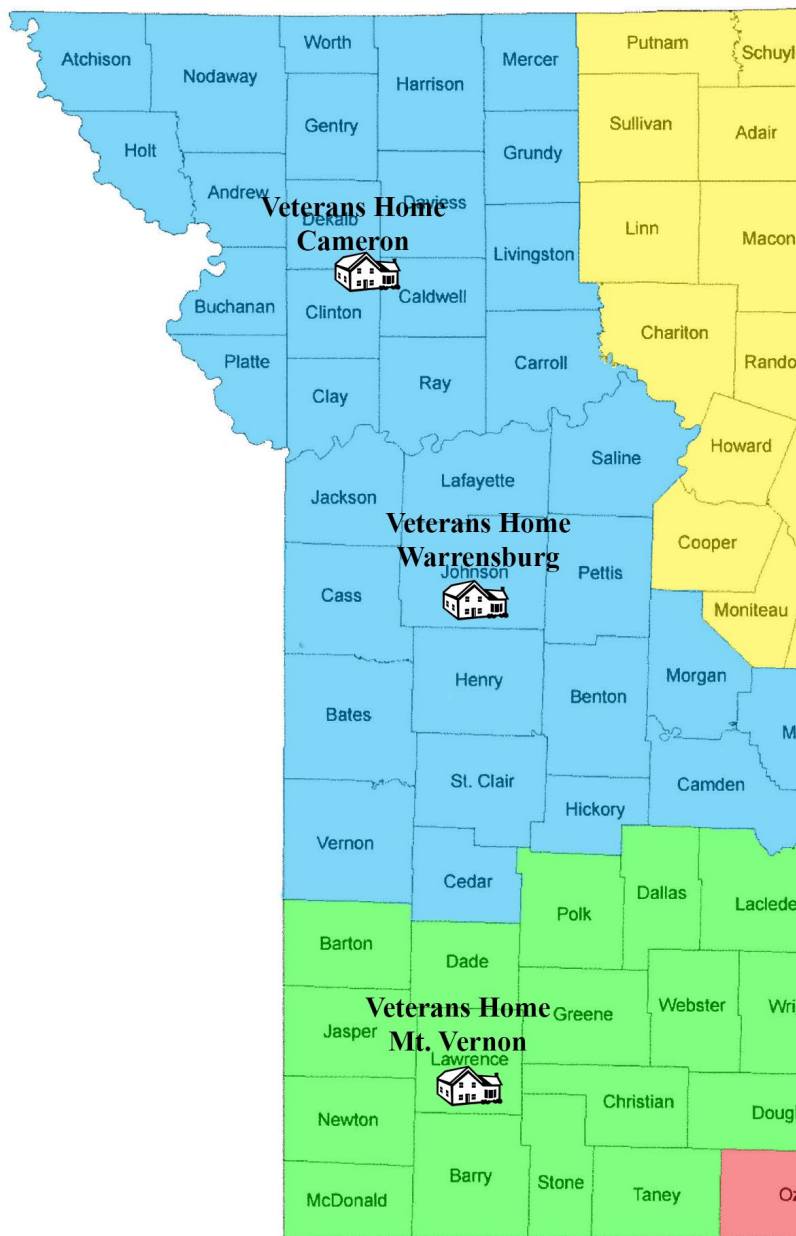

Each Missouri Veterans Home employs a licensed nursing home administrator, has registered nurses on duty 24 hours per day, and provides physician care, physical, speech, occupational and recreational therapy, medications, cosmetology, maintenance, environmental, social services, and dietary specialists. Each home has a secured dementia unit that includes a dining room, activity area and enclosed courtyard.

To be eligible for admission to a Missouri Veterans Home (RSMo Chapter 42), a Veteran during his or her lifetime must have lived in Missouri for 180 days, meet the criteria for Veteran status established by the United States Department of Veterans Affairs, and require skilled nursing services. Eligibility and admission decisions are made by a team comprised of the Administrator, Physician, Director of Nursing, Social Worker, Veterans Service Officer, and other professionals as needed.

The Incarcerated Veterans Re-Entry Program (IVREP) assists incarcerated Veterans and their families with information and assistance on VA benefits, transitioning back into the community, and works with incarcerated Veterans to reduce the number of VA overpayments while incarcerated.

Incarcerated Veterans within three to six months of release can be referred to a Veterans Service Officer in the community where they will be living who will be able to assist them with their VA benefits.

The IVREP works by linking qualified Veterans with the appropriate services. The goal of the IVREP is to assist in the successful transition back to a productive and healthy lifestyle among community and family.

Missouri has over 426,000 military Veterans living in the state today. Each has an experience and a story to tell that can benefit us all. However, each day more of our military Veterans pass away and their stories go with them. Missouri Veterans History Project collects these stories from our Veterans and displays them for the benefit of our Veterans, our state and our country. The program is open to all men and women currently residing in Missouri who have served in any branch of the United States military.

Minority Veterans are often unaware of available benefits, and Minority Veterans Outreach initiatives are a contact source that can give them guidance and assistance in informing them about Veterans benefits and encourage them to work with a Veterans Service Officer to apply for those benefits.

The Veterans Outreach and Advocacy Program provides information to Veterans, Service Members and their Families by developing innovative ways to seek out and inform Missouri's Veterans about benefits and services that are available to them from federal and state agencies and local supportive organizations. The Veterans Outreach and Advocacy Program concentrates its efforts on developing partnerships with key stakeholders and agency and organization partners who participate in outreach events statewide to help expand Missouri Veterans' knowledge of benefits and resources available to them and their families.

In addition to developing agency and organization partnerships and providing unique outreach opportunities to Veterans, the Veterans Outreach and Advocacy Program handles all inquiries that are not addressed by one of the core programs offered by the Missouri Veterans Commission. The team members work with Veterans who have extraordinary needs by determining the best appropriate agency or organization to help fill that need and ensure a proper referral and connection for that Veteran.

Please contact the Veterans Outreach and Advocacy Program for Missouri Veterans Commission Outreach events near you.

Property Tax Receipt Waiver for Out of State Military

Personal Property Tax Credit

<http://dor.mo.gov/personal/ptc/>

The Missouri Property Tax Credit Claim gives credit to certain senior citizens and certain 100 percent disabled individuals for a portion of the real estate taxes or rent paid for the year.

If you are 100 percent disabled as a result of military service, you are not required to include your veteran payments and benefits when filling out the tax credit application. You must attach a letter from the Veterans Administration that states you are 100 percent disabled as a result of military service.

The credit is for a maximum of \$750 for renters and \$1,100 for owners who owned and occupied their home. The actual credit is based on the amount of real estate taxes or rent paid and total household income (taxable and nontaxable). If you rent from a facility that does not pay property taxes, you are not eligible for a Property Tax Credit.

Sales Tax Exemption for Equipment to Modify Vehicles for Use by Individuals with Disabilities

Equipment purchased to modify a vehicle to be used by an individual with disabilities is exempt from sales tax. To receive the exemption, the applicant when titling the vehicle at Department of Revenue or a License Office must present an invoice or other documentation showing the vehicle and equipment price separately in order for the equipment to be exempt. Specifically, 144.030.2(18), RSMo provides an exemption for "items used solely to modify motor vehicles to permit the use of such motor vehicles by individuals with disabilities."

TRICARE is the Department of Defense's worldwide health care program available to eligible beneficiaries from any of the seven uniformed services—the U.S. Army, U.S. Navy, U.S. Air Force, U.S. Marine Corps, U.S. Coast Guard, Commissioned Corps of the U.S. Public Health Service, and the National Oceanic and Atmospheric Administration. Eligibility for TRICARE is determined by information in the Defense Enrollment Eligibility Reporting System (DEERS). For eligibility, enrollment, cost, and coverage details, visit www.tricare.mil or contact your regional contractor.

TRICARE beneficiaries can be divided into two main categories: sponsors and family members. Sponsors are usually active duty service members, National Guard/Reserve members or retired service members. "Sponsor," refers to the person who is serving or who has served on active duty or in the National Guard or Reserves.

Depending on your beneficiary category and location, you may be eligible for different program options. Your options may change if you move, if your sponsor changes location or status, or if you have a life event such as getting married or becoming entitled to Medicare Part A. For assistance with health care coverage when moving or traveling, contact your regional contractor.

TRICARE in Missouri falls under the TRICARE West Region except for the St. Louis area which is under TRICARE East Region.

If you are a service member, retiree, or dependent, DEERS registration is the key to getting your TRICARE benefits eligibility established.

Registration in DEERS

Eligibility for TRICARE is determined by the uniformed services and reported to the Defense Enrollment Eligibility Reporting System (DEERS). All eligible beneficiaries must have their eligibility status recorded in DEERS.

Active-duty and retired service members are automatically registered in DEERS, but they must take action to register their family members and ensure they're correctly entered into the database. Mistakes in the DEERS database can cause problems with TRICARE claims, so it is critical to maintain your DEERS information.

ID Cards

To use TRICARE, you must be registered in DEERS and have a valid uniformed services or military identification (ID) card. The ID card states on the back, in the "Medical" block, whether you are eligible for medical care from military or civilian sources.

When getting care, your provider will ask to see a copy of your ID card and will make copies for his or her records. Please ensure you have your ID card with you whenever you are getting care or having prescriptions filled.

Listed below are Missouri Guard DEERS Offices. There may be an Active Duty or Reserve unit DEERS office closer to you. You can locate them by visiting: <http://www.dmdc.osd.mil/rsl/>

Missouri Military and Overseas Voting Access Portal

<http://momilitaryvote.com>

Military and overseas voters can take advantage of the Missouri Military and Overseas Voting Access Portal to register to vote, request an absentee ballot, and receive an absentee ballot quickly and securely.

Using the Missouri Military and Overseas Voting Access Portal, eligible voters who submit an absentee ballot request through the portal will receive an absentee ballot for each election in which absentee voting is conducted through December 31 of the following year. Voters located in combat zone, hostile fire or imminent danger areas will also be able to securely send their marked ballots to their local election authority.

Eligibility: A member of the U.S. Uniformed Services, which includes the Army, Navy, Air Force, Marine Corps, Coast Guard and the Commissioned Corps of the Public Health Service and the National Oceanic and Atmospheric Administration; a member of the U.S. merchant marines; spouses and dependents of the above; a U.S. citizen domiciled in Missouri but temporarily living outside the territorial limits of the United States. Missouri requires voters to be registered at least thirty days prior to an election in order to vote a full ballot (includes local and state issues). Military and overseas voters are also welcome to use the regular registration and absentee mail process available to all voters away from home on Election Day.

Registering to Vote After Deadline

If you have been discharged from military service, have returned from a military deployment or activation, or have separated from employment outside the territorial limits of the United States after the deadline to register to vote, and are otherwise qualified to register to vote, you may register to vote in person before the election authority until 5:00 p.m. on the Friday before the election, providing documentation showing evidence of qualifying for late registration. You may also vote on Election Day without prior registration for federal and state issues at your polling place with a federal postcard application. For eligibility requirements call 573-751-2301.

Candidate Filing for Elections while on Active Duty

A candidate on active duty with the armed forces may have a representative draw for his or her placement on an election ballot. Previously, the candidate had to draw for placement on the ballot in person.

Women Veterans initiatives ensures that Women Veterans have equitable access to federal and state Veterans services and ensure Women Veterans are aware of their VA benefits, know who to contact, and how to apply for these benefits.
